prefab straw bale
rammed earth
light clay
earth bricks
clay plaster

seewen / basel / switzerland

7th of august - 11th of august 2017

www.think-earth.org

Program

Within five ateliers we will practice prefab straw bale, light clay, rammed earth walls, compressed earth blocks and clay plastering. Introductions on basic material properties, construction methods and principles will be given by experts from IG Lehm and Craterre.

The results of the practical work will be used to build a showcase pavillon for the exhibition „Think Earth!“ to be shown in Berne, Zurich and Basle.

Daily morning Yoga sessions will give you the perfect preparation for the trainings. (optional)

Lectures

Daily lectures by Giulia Scialpi, Lukas Baumann, Thomas Dimov et al.

Festival Think Earth!

On Friday the event will be open for the public: guided tours and presentation of the workshops, live music.

Application

via www.think-earth.org

Deadline: June 31, 2017

Everybody interested can participate: students, teachers, craftsmen, artists and architects.

With your application you agree with the terms and conditions of participation.
